

# RAMPLO warehouse equipment enlarge assortment of its products

## Van ramps RAMPLO-LCVR

This is special designed truck ramp for loading/unloading commercial vehicles at standard dock gates of modern warehouses.

Our equipment helps to eliminate difference in heights of commercial vehicles (500-700 mm) and height of dock gates, dedicated for big semi-trailers (1100-1200mm).

## Loading modular platforms RAMPLO-LMP

Enlarge dock area for better approach of truck, more space for warehouse technics maneuvering and extending area for

actions with goods before or after loading/unloading to/from truck.

## Fixed "ground-dock" ramps RAMPLO-GD

For driving forklifts, vans, cars and other transport inside and outside warehouse. Connects 0 ground level and height of warehouse (usually

about 1200mm).

## Dock levelers RAMPLO-DCKL

Provide smooth connection of truck body and

floor level of modern warehouses. Electro-hydraulics for easy, safe and fast operation of your technics and stuff.

## Lifting tables RAMPLO-LT

Electric hydraulic lifting tables carry up to 3000 kg. Ideal for limited spaces inside plants, no need in long incline parts. Put heavy goods on required height, load cargoes from

ground to truck body – it will help.

## Loading bridges RAMPLO-LB

Installing on edge of dock gate, no need in pitch and electricity. Saves space and upgrades customer warehouse abilities when it is needed.

## Mobile bridges RAMPLO-MB

Cheap, safe and easy connection of dock & truck levels. No need in mounting, no need in power supply.

## Container ground bridges RAMPLO-CGB

Connect 0 ground level and floor of sea container, which stays on ground. Safe and simple way to load/unload sea containers.

All products can be customizable according to buyer requirements. Wider, longer, heavier, lighter, bigger, smaller ... etc. We can do it!
