

BS-350 LST

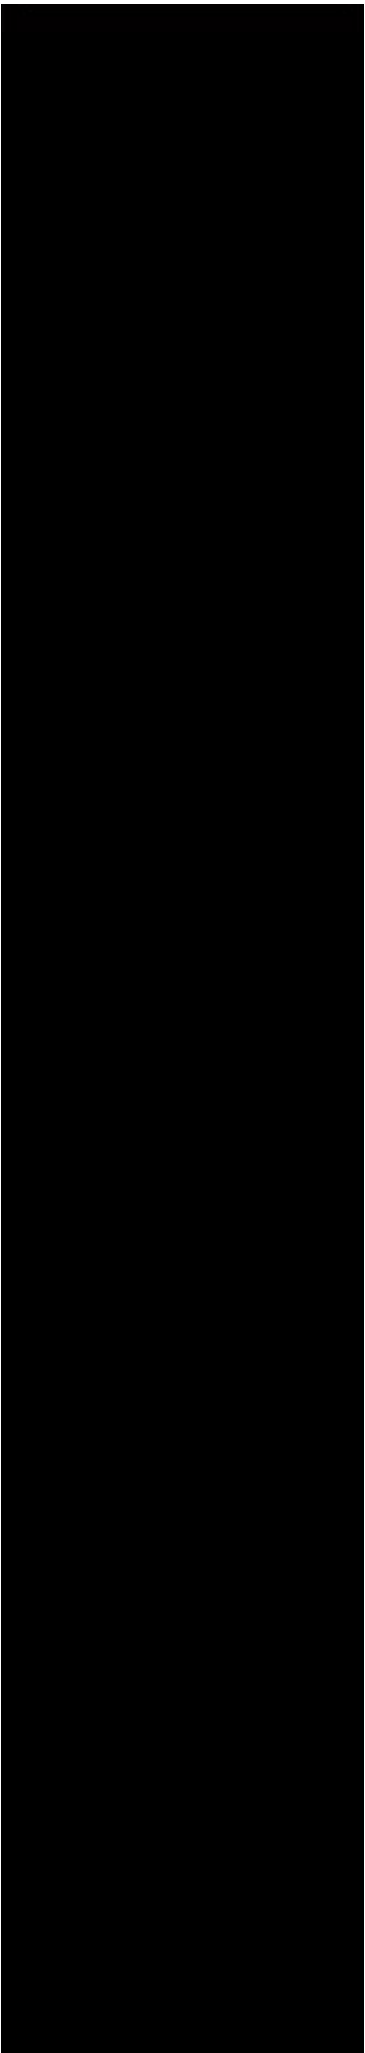

With 20 years of experience the new developed table saw with roller guided cutting table, powerful 2,2 kW motor and with up to 650 mm cutting length for daily demands on construction sites

- cutting head tiltable up to 45° for angle cuts
- cutting table with multiple ball bearings
- strong welded frame
- stainless steel guide rails
- tiltable legs for easy transportation
- serial transport wheels
- comfortable carrying handles
- high-quality water pump S1-Original
- powder coated components for long lifetime

BS-350 LST

Ø saw blade	mm	350
bore	mm	25,4
cutting depth	mm	105
cutting length	mm	650
motor		2,2 kW, 230 V
length	mm	1264

width	mm	592
height / transport height	mm	1330 / 650
weight	kg	80
