# ▶ PLASTIC TOOL BOXES

## 4750PTB60

600 x 305 x 295 mm

Capacity 37 liters

Made of virgin polypropylene (pp)  
What makes the box really  
**Heavy duty even if used  
under extreme conditions**

**The aluminum handle** facilitates transportation. If you lift the handle, the bottom part is blocked, preventing the box from opening accidentally

**Internal tray** is very helpful for taking only the needed tools into the area or keeping it tidy

### Locking system:

Even if the latches are open, when the alu handle is in vertical position blocks the bottom part of the box avoiding the box to open accidentally

## 4750PTB50

500 x 295 x 270 mm

Capacity 27 liters

### Sturdy and big load capacity:

The design of the box, with Nerves and specific shapes on The corners make it more sturdy increasing the load capacity

## 4750PTBW47

470 x 290 x 630 mm

Capacity 60 liters

## 1496MB2

530 x 290 x 290 mm

## 1496MB3

690 x 360 x 310 mm

## 1496MB4

910 x 530 x 530 mm

## 1496MB5

830 x 440 x 340 mm

## MASON BOX

- HD constructions with weld points in key areas for making the box robust
- Internal protection using a 3.2mm thick plywood with anti-humidity treatment
- Combination of 0.8mm and 1.0mm thickness steel on the stressed areas for avoiding any deformation
- All boxes are including a tool tray which helps the user to carry the needed tools
- Orange powder coating with a texture finishing that is more resistant to the toughest working environments
