

STR 701

STR 701 – Grinding in the construction industry

Grinding and renovation of concrete surfaces. High performance due to its operating weight with up to 90 kg and powerful motor. Robust in design and suited for all kind of heavy renovation work.

Applications

Grinding concrete, screed, asphalt, remove adhesives, coatings, for industrial object renovation, crystallize, suitable for the most demanding cleaning tasks

STR-handle bearing

Metal gear drive

Technical data		Equipment variants	
Ref. No.		106251	107351
drive		gear, metal	
Voltage	V	230	
Frequency	Hz	50	
Power input	W	2300	
Working width	mm	510	
Operating weight	kg	58,5	
Tool speed	r.p.m.	156	
Brush pressure	g/cm ²	38	39
Torque	Nm	110	
Guide rod length	mm	930	1200
Noise level	dB(A)	62	

Special characteristics

- For heavy duty work
- High area coverage
- Metal gear drive
- Motor and drive, dust-tight and splash-proof
- 1500 Watt motor
- Long service life
- Heavy duty handle bearing
