

BEF 204 – With integrated edger

The screed milling machine with integrated edger. Indispensable for effective removal of flooring irregularities and protrusions and milling off coatings on small areas.

Applications

Removal of uneven floors, supernatants, milling off coatings

Carrying handle for effortless transportation

Continuous height adjustment of guide rod

Technical data

Ref. No.		795350
Voltage	V	230
Frequency	Hz	50
Power output	kW	2.2
Working width	mm	200
Operating weight	kg	49
Edge distance	mm	10
Tool speed	r.p.m.	1765
Ø-Dust control	mm	50
Dimensions L x W x H	cm	1060 x 375 x 900
Cutters		carbide cutters

Special characteristics

- Transport grip
- Ergonomic handle, adjustable
- Working up to 10 mm to the edge
- Dust sealed drum bearing
- Central drum lowering function and depth setting
- New design of robust guide rod
- Single-phase CEE-connector
