

uClean LD-1445 Wet

Order No. 100050

Equipment

The noise-insulated water vacuum cleaner with professional equipment is ideal for building cleaners.

- 45 l container with water drain hose for easy draining
- Foot operated main switch
- Speed controller (2-Level) with eco-mode for energy-efficient and quiet working
- With integrated blow function (air flow 215 km/h) for drying, deriving and blowing out the exhaust air
- Gentle running
- Hose winding and connector fixture
- Water-level detection
- Rubber wheels and metal castors providing additional smooth running and noise reduction
- Accessory compartment
- Drive handle for comfortable transportation
- 12 m, PVC power cable, red, clearly visible
- Additional foam filter FSS 1300 protects the motor against dirt particles, easy installation due to cylindrical shape
- 2 suction tubes, stainless steel and 3,2 m suction hose with bent ergonomic tube handle
- Professional water nozzle 37 cm enables large area performance

Technical Data

Power consumption max.	1400 Watt
