

SHERPA

2020 = MINI-LOADERS

V.20.1 ENG

PRICELIST

Introduction

SHERPA mini-loaders is one of the leading manufacturers of employee-friendly road construction equipment in Europe.

As an innovative developer of the SHERPA miniloader and other advanced building equipment, especially for the pavement sector, we have been working hard to provide our customers and dealers with a fully labour-relieving program.

Our SHERPA mini-loaders are designed in such a way that everyone can work with them. Heavy and difficult work belongs to the past when you make use of our machines and tools.

You're investing in a healthy and productive future of your employees with equipment, tools and mini-loaders from SHERPA mini-loaders!

100/150 ATTACHMENTS

Bucket, 111cm with Hardox® knife
For transporting and levelling of sand and gravel.

Article: 00500
Height: 39cm
Volume: 127l

Bucket, 85cm with Hardox® knife
For transporting and levelling of sand and gravel.

Article: 00450
Height: 39cm
Volume: 98l

Bucket, 76cm with Hardox® knife
For transporting and levelling of sand and gravel.

Article: 00449
Height: 39cm
Volume: 87l

Volume bucket, 100cm with Hardox® knife
For moving sand, ground, gravel or other loose materials.

Article: 00490
Height: 63cm
Width: 100cm
Volume: 241l

Volume bucket, 85cm with Hardox® knife
For moving sand, ground, gravel or other loose materials.

Article: 00485
Height: 63cm
Width: 85cm
Volume: 204l

Volume bucket, 76cm with Hardox® knife
For moving sand, ground, gravel or other loose materials.

Article: 00449V
Height: 48cm
Width: 76cm
Volume: 137l

100/150 ATTACHMENTS

4-1 bucket, 111cm with Hardox® knife

To move hoist, dump sand, ground, gravel or other loose materials, for grabbing branches and other pruning wood and for levelling various substrates.

Article: 00507
Width: 111cm
Work pressure: 80bar

4-1 bucket, 76cm with Hardox® knife

To move hoist, dump sand, ground, gravel or other loose materials, for grabbing branches and other pruning wood and for levelling various substrates.

Article: 00505
Width: 76cm
Work pressure: 100bar

Bucket with grab, 111cm with Hardox® knife

For moving manure, straw, silage, sand or other loose materials.

Article: 00504-112
Width: 111 cm
(Option) sideplates set: 00504-ZP

Bucket with grab, 85cm with Hardox® knife

For moving manure, straw, silage, sand or other loose materials.

Article: 00504-85
Width: 85cm
(Option) sideplates set: 00504-ZP

Bucket with grab, 76cm with Hardox® knife

For moving manure, straw, silage, sand or other loose materials.

Article: 00504-76
Width: 76cm
(Option) sideplates set: 00504-ZP

100/150 ATTACHMENTS

Hydraulic manure forks with clamp, 85cm

For moving "lifting" and "tipping" of manure, straw, hay, grass and such. Excluding inner bucket.

Article: 00877-85
Width: 85cm

Hydraulic manure forks with clamp, 76cm

For moving "lifting" and "tipping" of manure, straw, hay, grass and such. Excluding inner bucket.

Article: 00877-76
Width: 76cm

Hydraulic weed brush, steel

For removing weeds between stones or for cleaning gutters and traffic islands.

Article: 00937
Diameter brush: ± 80 cm
(Option) blocking lever: 07100-A

Hydraulic weed brush, plastic

For removing weeds between stones or for cleaning gutters and traffic islands.

Article: 00937K
Diameter brush: ± 80 cm
(Option) blocking lever: 07100-A

Hydraulic weed brush, steel/plastic

For removing weeds between stones or for cleaning gutters and traffic islands.

Article: 00936
Diameter brush: ± 80 cm
(Option) blocking lever: 07100-A

Spare brushes for weed brush:

Steel: 00937-1-B
Plastic:* 00937-1-BD
Steel/Plastic:* 00937-1-BC
*Steel cover needed: 00937-1-BCPL

Hydraulic mower deck

3 knives.

Article: 30155
Width: 122cm
(Option) blocking lever: 07100-A

100/150 ATTACHMENTS

Rotary Tiller

For milling ground (10cm deep) with stones and high grass.

| | |
|--------------------------|---------|
| Article: | 100004 |
| Weight: | 194 kg |
| Width: | 1205mm |
| Height: | 590mm |
| Depth: | 770mm |
| (Option) Blocking lever: | 07100-A |

ATTENTION!

Leakage piping

It is necessary to mount a leakage pipe on the machine when you use this attachment. (01125-LK)

Stone Hook

For breaking open stones or tiles.

| | |
|----------|-------|
| Article: | 00600 |
|----------|-------|

Slab Bucket

For breaking up tiles.

| Kind of tiles | Article |
|---------------|---------|
| 60x60 tiles | 00627 |
| 30x30 tiles | 00625 |

Pin Bucket

For moving, lifting, tilting and breaking out street work, turf and other surfaces.

| | |
|----------|-------|
| Article: | 30090 |
|----------|-------|

Set Pallet forks

For lifting small pallets and solid materials.
Pallet board included.

| | |
|--------------|-------|
| Article: | 00650 |
| Fork length: | 80cm |

ATTENTION!

Make sure the load does not exceed the mounting plate, due to falling materials!

Trailer coupling

For shunting trailers, suitable for ø50mm towball.
Includes ø50mm ball.

| | |
|----------|-------|
| Article: | 01360 |
|----------|-------|

100/150 ATTACHMENTS

Hydraulic snow- / feed slider

For moving "shifting" feed, straw, silage, snow or other loose materials.

Article: 00512

Mechanical feed slider

For moving "shifting" feed, straw, silage, snow or other loose materials.

Article: 00510

Gritter

Article: 00520

Slider & gritter

Article: 00510+ 00520

Mast with electric winch

For lifting loads with the help of an electric winch and a lifting hook, lifting chain or lifting strap.

Article: 01358

Lifting arm

For lifting loads using a load hook, hoisting chain or in combination with a stone clamp and suction cups.

Article: 01350

Lifting hook

Max. lifting capacity is 200 kg.

Article: 02110

Hydraulic trencher, Digga®

Ideal for trenching.

Article: 00975

Trench depth: Up to 90cm

(Option) blocking lever: 07100-A

100/150 ATTACHMENTS

Levelling framework

For levelling sand and gravel.
Including scarifying rake.

Article: 00448
Width: 130cm

Carpet-remover

For removing various floor coverings from
a concrete surface.

Article: 00530
Width: 75cm

Broom

For brushing your paved surfaces.

Article: 00575
Width: 170cm

Roller broom

For cleaning hard surfaces.

Article: 00925
(Option) blocking lever: 07100-A

Roller broom, 111cm - mounted on bucket

For cleaning hard surfaces and directly catching
the dirt into the bucket - Exclusive bucket.

Article: 00926
(Option) blocking lever: 07100-A

Roller broom, 85cm - mounted on bucket

For cleaning hard surfaces and directly catching
the dirt into the bucket - Exclusive bucket.

Article: 00927
(Option) blocking lever: 07100-A

Roller broom, 76cm - mounted on bucket

For cleaning hard surfaces and directly catching
the dirt into the bucket - Exclusive bucket.

Article: 00935
(Option) blocking lever: 07100-A

100/150 ATTACHMENTS

ATTENTION!

Hydraulic earth drill installation

For drilling holes in sandy soil.
Exclusive drill.

Article: 01125
(Option) blocking lever: 07100-A

Leakage piping

It is necessary to mount a leakage pipe on the machine when you use this attachment.
(01125-LK)

Extension 50cm 01330
Extension 100cm 01325

Drills for the hydraulic earth drill (Length: 100cm)

| Diameter (inch) | 4 | 6 | 9 | 12 | 14 | 16 | 18 | 24 |
|-----------------|-------|-------|-------|-------|-------|-------|-------|-------|
| Diameter (mm) | 100 | 150 | 230 | 300 | 360 | 410 | 460 | 610 |
| Article | 01150 | 01175 | 01200 | 01225 | 01250 | 01275 | 01280 | 01300 |

Demolition hammer, GlobRam® RM45s

Used for 112cm wide miniloaders

Including coupling plate and round chisel.

Article: 00945
Impact energy: 145 Joule

Loose chisels for RM45s:

Round: 00945-SBR
Flat/round: 00945-SBP
Flat/wide: 00945-SBPV

Demolition hammer, GlobRam® RM40

Used for 76cm wide miniloaders

Including coupling plate and round chisel.

Article: 00946
Impact energy: 140 Joule

Loose chisels for RM40:

Round: 00946-SBR

100/150 ATTACHMENTS

Hydraulic slab- / curb clamp

For transporting 1 row of tiles or curb stones.

Article: 00725
Max. open: 145cm
Min. closed: 90cm

Hydraulic stone clamp

For transporting max. 80 stones.

Usable for 3 or 4 rows of stones (60 cm - 80 cm).

Article: 00700
Max. open: 93cm
Min. closed: 59cm

Hydraulic curbstone clamp

For the transportation of (building) bricks.

Article: 00790
Max. open: 129cm
Min. closed: 76cm

Hydraulic clamp for rotating 90 degrees forwards

For lifting and rotating (90°) various products made of concrete.

Article: 00775
Max. open: 83cm
Min. closed: 43cm
Rotation angle: 90°

Inset tilting clamp

For taking up trunks and gas cylinders.

Article: 00810

Hydraulic tree grab

For grabbing several small trunks or for grabbing a large trunk per unit. Without rotor.

Article: 01010

100/150 ATTACHMENTS

Hydraulic curbstone clamp HK0472

For lifting and placing various products made of concrete.
Excluding extension arm, handles and certificated lifting hook.

Article: 02009
Max. open: 72cm
Min. closed: 4cm

Handles

To extend the handles on the clamp.

Article: 02025

Hydraulic grass-tile clamp

For transporting and placement of 2,3 or 4 grass-tiles,
in a row. Exclusive extension arm.

Article: 00850

Hydraulic grass-tile clamp

For transporting and placement of grass-tiles,
2x2 in block connection. Excluding extension arm, including
certificated chain.

Article: 00855

Dumper

For transporting sand and other loose cargo.
Other colours are possible with a surcharge.

Article: 00300
Volume bucket: 0.55m³
Colour: Yellow (RAL 1007)

Hydraulic concrete mixer

For mixing gravel, sand, cement and water
into cement and/or mortar.

Article: 00715
Volume: 140l

200/300 ATTACHMENTS

Bucket, with Hardox® knife

SHERPA 200

For moving “lifting” and “tipping” vowels, tiles, sand, soil, gravel or other loose materials. Including inlay plate and quick fastener.

Article: 30050
Width: 124cm

Bucket, with Hardox® knife

SHERPA 300

For moving “lifting” and “tipping” vowels, tiles, sand, soil, gravel or other loose materials. Including inlay plate and quick fastener.

Article: 30070
Width: 129cm

Closed bucket, with Hardox® knife

For moving “lifting” and “tipping” sand, soil, gravel or other loose materials.

Article: 30027
Width: 95cm
Volume: 210l

Closed bucket, with Hardox® knife

For moving “lifting” and “tipping” sand, soil, gravel or other loose materials.

Article: 30025
Width: 129cm
Volume: 286l

Set Pallet forks

For moving pallets and solid materials. Pallet board included.

Article: 00660
Fork length: 100cm

ATTENTION!

Make sure the load does not exceed the mounting plate, due to falling materials!

200/300 ATTACHMENTS

Snow push / feeding slider

For pushing animal feed or snow.

Article: 00515

Hydraulic manure forks with clamp

For mucking out stables.

Article: 00873

Pin bucket 100

For moving "lifting" and "tilting" vowels and tiles, breaking out street work, turf and other surfaces.

Article: 30110

Length of pins: 100cm

Levelling framework

For leveling sandy soils. With the scarifying rake, the top layer of the sand or grass surface can be detached again. Including scarifying rake.

Article: 70110

Width: 190cm

Hydraulic mower desk

With 3 knives.

Article: 30160

ATTENTION!

Leakage piping

It is necessary to mount a leakage pipe on the machine when you use this attachment. (01125-LK)

200/300 ATTACHMENTS

Broom

For brushing your paved surface.

Article: 00580
Width: 70cm

Roller broom

For sweeping different kind of surfaces.
With 'Tuchel ECO150'.
Including Parallel guide.

Article: 00950

Hydraulic weed brush, steel*

For removing weeds between stones or for cleaning gutters and traffic islands.

Article: 00937-23
Diameter brush: ±80cm
(Option) blocking lever: 07100-A

Hydraulic weed brush, plastic

For removing weeds between stones or for cleaning gutters and traffic islands.

Article: 00937-23K
Diameter brush: ±80cm
(Option) blocking lever: 07100-A

Hydraulic weed brush, steel/plastic

For removing weeds between stones or for cleaning gutters and traffic islands.

Article: 00936-23
Diameter brush: ±80cm
(Option) blocking lever: 07100-A

Spare brushes for the weed brush:

Steel: 00937-1-B
Plastic:* 00937-1-BD
Steel/Plastic:* 00937-1-BC
*Steel cover needed 00937-1-BCPL

200/300 ATTACHMENTS

Lifting arm, extendable

For lifting loads using a lifting hook, hoisting chain or in combination with a stone clamp and suction cups.
Exclusive certified lifting hook.

Article: 06481
Length: 776-1320mm

Lifting hook

Max. lifting capacity is 200 kg.

Article: 02110

Hydraulic curb clamp

To transport half a pack of stones or tires.
Exclusive lifting arm and rotor.

Article: 01390

Hydraulic stone clamp

For transporting at most 80 stones.
Usable for 3 or 4 rows of stones (60cm-80cm)

Article: 01380
Max. open: 93cm
Min. closed: 59cm

Hydraulic curbstone clamp HK0472

For lifting and placing various products made of concrete.
Exclusive extension arm, handles and certified lifting hook.

Article: 02009
Max. open: 72cm
Min. closed: 4cm

Handles

For extending handles on the clamp.

Article: 02025

200/300 ATTACHMENTS

Hydraulic slab- / curb clamp

For transporting two rows of tiles or curb stones.
